(747) 210-4245 CALL or TEXT

General Hours of Operation:
8:00AM to 4:30PM Mon to Fri
Closed major holidays

INITIAL AND FOLLOW UP APPOINTMENTS

Please be prepared to stay for up to one hour for your initial appointment. Your therapist will be asking you many questions about your medical condition, pain, daily activities, physical limitations, medications, living situation, etc. You may have been asked these same questions in the past by other healthcare providers, but the information you provide to your therapist is very important for the development of your treatment plan and therapy goals. Your therapist will determine the number of visits you will need to meet your therapy goals. In order to achieve the best treatment outcome, please follow your Therapist's instructions.

- In preparation for your appointment, please: **Wear comfortable clothing/shoes and be prepared to exercise.** You may be required to change into a gown to properly assess the area that needs treatment.
- **Turn off your cell phone** while receiving therapy to avoid distractions.
- **Do not bring any extra family members or friends** to your appointment, unless they are your caretaker or guardian. We cannot accommodate extra persons in our waiting room or treatment area.

ATTENDANCE POLICY

Outpatient Rehabilitation Services has the following attendance policy:

- **Please arrive 20 minutes early** for your scheduled appointment. Your therapist has reserved this time specifically for you so they may have sufficient time to treat your condition.
- Patients **arriving more than 15 minutes late** may be asked to reschedule their appointment. The appointment may be offered to another patient to avoid wasting the appointment slot.

- **If you are running late**, a courtesy phone call or text to (747) 210-4245 would be appreciated so your therapist may plan ahead and let you know if they can still accommodate you. If you can be accommodated, the therapist will only be able to provide treatment until their next scheduled patient arrives or you may opt to reschedule the appointment.
- **If you are going to miss an appointment**, please call or text us at (747) 210-4245 **as soon as possible**, so we can offer the appointment to another patient waiting to be seen.

DISCHARGE FROM THERAPY

You will be **discharged** from therapy if

- **You do not show or call for two appointments in a row.** If therapy is still required to treat your condition, you will be required to get a new physician referral and you will be scheduled for the next available evaluation appointment. You will not receive the maximum benefit from therapy if you do not keep your appointments.
- **You have reached the maximum benefit from therapy.** Once your goals have been met or you have stopped making significant improvement, therapy will be discontinued.
- **You do not comply with the home program as directed by your therapist.** Oftentimes, the goal of therapy is to have the patient be able to perform the home program independently since many conditions are chronic and need lifelong treatment at home. You cannot expect any lasting benefits from therapy, if you do not follow the home treatment program as instructed by your therapist.

QUESTIONS

For **appointment questions**, please call or text us at (747) 210-4245.

For **clinical questions** about your health condition, please message the department through LA Health Portal or ask your therapist at your next visit.
